**VOTE:** Unanimous approval.

**MOTION:** Gene Hyde moves to approve the treasurer's report as presented. David Burke seconds.

**VOTE:** Unanimous approval.

**2. Old Business**

Discussion of Nordic Division's response to COVID-19

- Reviewed the suspension of the transportation rule about students not being allowed to drive themselves to on-snow events.
  - Transportation rule is specific to the Nordic Division and can be changed by the Nordic Steering Committee
  - General consensus that the transportation rule could be deleted, and each school could make and enforce its own specific rules regarding transportation.
  - Table any motion about changing the transportation rule until after talking to Pete – wait until next meeting.
  - Having funding for and the availability of busing would help grow sport, because finding rides is difficult.
- Reviewed the academic eligibility rules.
  - Academic eligibility rules are OISRA policies that mimic OSAA policies and cannot be changed by the Nordic Steering Committee
  - General consensus that it's not reasonable to advocate for dropping these rules unless a change was coming from OSAA
  - General consensus to keep using the honor system for students attending schools that do not provide academic eligibility information to OISRA.
- Things people liked about this season's flexible time trial events

- Racers being assigned one bib for the season
- Success of running a mid-week, afternoon event
- Success of having a time-trial type event

OSAA's most current response to emerging sports option

- OSAA had a spring (2021) Delegate Assembly Meeting where emerging sports were discussed.
- Because of energy being spent on pandemic issues, athletic directors do not currently have an appetite to start considering emerging sports.

List of approved waxes

- General consensus that the wax list is a good idea.
- General consensus to wait until fall to revisit the current list.
- Club racers must deal with strict fluoride testing and cannot be using waxes that have any fluoride in them.

**3. New Business**

Budget for 2021-22

- Table budget decisions until fall when there will be more information about any new school district rules and sponsorship possibilities.
  - CORA will still be a sponsor for the 2022 Nordic State Championships.
  - It's OK to start looking for other sponsorship for the 2022 state championship event.

**ACTION!** JD Downing will send out his documentation about what exposure a sponsor can expect to receive based on the amount of their donation.

Schedule dates for joint events for 2022

**MOTION:** JD Downing moves to schedule the **XC Oregon Invitational for January 22, 2022** and the **Nordic State Championship event for February 25-26, 2022**. David Burke seconds.

**VOTE:** Unanimous approval.

Establishing a new ski team at Caldera High School

- **ACTION!** Eric will ask a couple of people to be head coach.
- **ACTION!** People will be looking for a Parent Rep to help the new head coach.
- Eric has enough equipment to share.
- JD Downing will give the Caldera team some forms and waxing tables.
- General consensus that the Nordic Division will help with financing a new team at Caldera HS, and the eventual full amount of financial support will depend on how many students are on the team and how the team develops.

**MOTION:** Gene moves that the Nordic Division will finance up to \$500 for Caldera team expenses for 2021-22 season. David Burke seconds.

**VOTE:** Unanimous approval.

Meeting adjourned at 8:40 pm.

Respectfully submitted by  
Jinny Martin, Nordic Division Secretary
