Girls and Boys starts will be mixed.

**FIS Classic Pole Length Rule Monitoring:** FIS limits classic pole length to 83% of the skier's height. We will not be checking pole length at the start of the race, however, the Race Jury has the right to challenge a skier's pole length.

**Start List:** The start lists will be posted by Tuesday December 13 @ [www.webscorer.com](http://www.webscorer.com) .

**Results:** Unofficial results will be posted at [Webscorer.com](http://Webscorer.com). There may be live timing. Results will be posted and updated periodically through the day.

**Scoring:**

17.1 Calculations for Varsity Team Scores for Individual Races

17.1.1 Only the top five finishers for each team earn varsity placement points at a race. The sum of the placement points of the top three finishers for each team determines the varsity team score.

17.1.2 If a varsity team has only 2 finishers, a dummy score may be used for the third place. The dummy score is calculated by adding one to the total varsity placement points.

17.1.3 Where more than five (5) athletes have entered any race for one team, racers finishing 6 , 7 , 8 , etc. for that team do not displace points for varsity team scoring.

**Awards:** TBD

**Classic Race:** There will be skating monitors on the course. Two tracks will be set on either side of the trail.

12.1 Classical Technique includes the diagonal techniques, the double poling techniques, herringbone techniques without a gliding phase, downhill techniques and turning techniques. Single or double-skating is not allowed. Turning techniques comprise steps and pushes in order to change directions. Where there is a set track, turning techniques with pushing are NOT allowed. This will also apply to competitors skiing outside of the set track.

**Technique Zone:** There will be a "Technique Zone" on 1 climb. The Technique Zone will be marked with signs and will be the first climb after skiers turn off of Tangent onto Pine Drops. Double Poling (with or without a kick) is not allowed in the Technique Zone. Within the TZ skiers must use diagonal stride technique comprised of alternating diagonal movements of both arms and legs and includes diagonal stride and herringbone techniques without a gliding phase. In diagonal technique only one or no pole is in the ground at any time.

**Start Procedure:** The competitor shall start with the front of both bindings behind the starting line

The starter shall give every competitor a 10-second warning before start with a verbal "10 seconds" before the

start. He/she shall count "5-4-3-2-1 and go."

A competitor who starts late shall not interfere with the start of the other competitors.

If a competitor starts late, the competitor's actual start time must be noted in case the jury decides his late start was due to force majeure.

When a competitor starts late, the start list time will count for the start time.

**Passing:** A competitor who is overtaken must give way on the first demand (“Track” or “On your right/left”). This applies in a classic race even when there are two tracks.

**Direction of Skiing:**

The courses will be open for skiers during the races with monitors at all intersections, but skiing will only be allowed one way in the direction of the race.

**Finish:**

The Finish of the race will be 3 lanes.

Once a competitor enters a finish zone where lanes are marked, they must choose a corridor. A competitor is allowed to leave the chosen corridor as long as they do not obstruct another competitor.

**Course Inspection:**

Courses will be signed Tuesday AM. Beware of two-way skiing.

**Waxing Area:** Please set up wax benches and tents on the road between the gate and the Pole Barn.

**Wax Testing:** All trails are open to anyone on skis. Wax testing can be done on the course or on the Tangent trail.
